

Spirea

Spirea's are an interesting family of shrubs, that are easy to grow. The two varieties listed have some worth as cut flowers, but careful attention must be given to post harvest.

More information is available on request.

Spirea Razzle Dazzle®

Branches of dark pink flowers starting in summer. A double harvest is possible in good summers.

Spirea Pink Innocence

Branches of white to pale pink flowers. The shrub produces lots of branches and some regulation of flowering is possible.
